GIRLS CAN DO ANYTHING! CAMPS

This unique day-camp showcases women's leadership through fun, experiential activities for girls ages 5-13. Campers build self esteem and develop a vision for who they want to be, while learning through local women leading in their fields, like science and technology, business, art, health, and history. Girls also give back to the community and learn the power of service. The camp is offered on a sliding scale to ensure accessibility and intersectionality, and girls are supported in making new friends.
